

Arrangement in Black and White

-You're black.

-Astute—for you.

-And I'm white.

-Not just. The unhealthiest extreme: fishbelly.

-Ah yes, let's get the degree right. No detail too small or tasteless for the thudding bore.

-As opposed to VistaVision here, the man who sees it all and sees nothing!

-You're an idiot!

-At least some zest. Not like you. Moron playing a great game.

-Well, that's something at any rate.

-My complements.

-Acid drips from them.

-You've noticed?

-Is insult the cure for racism?

-Golden!
